Quality Assurance Process

Students should understand and apply the Quality Assurance Process in their study .The Plan-Do-Check-Act Cycle)PDCA (provides an easy but effective approach for problem solving and managing change, ensuring that ideas are appropriately tested before the full implementation .It can be used in all sorts of situations and can be clarified as follows:

Plan :Define the current problem, process, and issue and establish objectives and processes required to deliver the desired results.

Do: Implement the plans and new processes developed.

Check :Monitor and evaluate the implemented process by testing the results against the predetermined objectives .

Act: Apply actions necessary for improvement if the results require changes.
